

05 : PC and Network Support

We offer Computer, Network, and Tech Support for the Chicago area at reasonable rates. Serving private and commercial customers.

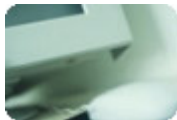

Small businesses need to invest in equipment that will last. Having to make changes to your technology is time consuming and expensive. We can help you by making the most of the equipment you already have or suggest affordable long-term solutions.

4.1 NETWORK SERVICES

Problems with Your Network? Do You Need a Network? Do You Want a Wireless Network? Do You Want to Share a Printer, Files, and Internet Connection?

In most office environments, a network is necessary. This allows you to share resources such as printers, DSL, folders, and documents. Technology Support & Solutions can set you up with a cable or wireless network.

4.2 HARDWARE SUPPORT

Is Your Computer Slow and Crashes All the Time? Do You Want to Add a CD Burner or DVD player? Is Your Hard Drive Out of Space?

Technology Support & Solutions does a comprehensive evaluation of your computer and examines how it will be used. We can upgrade your PC or recommend a new one that is personalized to your needs.

4.3 BACKING UP YOUR IMPORTANT DATA

Is Your Data Backed Up? How Often? Where?

Backup of business data is essential. Technology Support & Solutions can find an affordable, easy, and effective way to backup and protect your valuable data.

4.4 VIRUS PROTECTION

Do Your Computers Have Virus Protection? When Was The Last Time You Scanned Your System For a Virus? How Frequently Does Your Virus Protection Update?

There is always a threat of malicious programs attacking your important information. We can set your computer up with anti-virus protection that updates and scans daily.

4.5 INTERNET CONNECTION

Do You a Want High-Speed Internet Connection?

We can investigate the high-speed services in your area, recommend an option, and install the equipment in your office.
